SUMMARY

Full-stack developer with hands-on experience building and deploying production-grade web applications using **Java, Spring Boot, React, and MySQL**. Proficient in REST API development, database design, containerization with Docker, and payment gateway integration. Strong foundation in **OOP, data structures, debugging, and problem-solving** with a collaborative development mindset and exposure to the full SDLC.

TECHNICAL SKILLS

Languages: Java, JavaScript

Backend & Frameworks: Spring Boot, Spring Security, Hibernate, JDBC, REST APIs, JWT

Frontend: React, HTML5, CSS3, JavaScript, Bootstrap

Database: MySQL

DevOps & Tools: Docker, Docker Compose, Git, Maven, IntelliJ IDEA, VS Code

Core Concepts: OOP, Data Structures, SDLC, Debugging, Problem Solving

PROJECTS

NexCart – Full Stack E-Commerce Platform *Java, Spring Boot, React, MySQL, Docker*

- Built full-stack e-commerce platform with user authentication, product catalog, shopping cart, order management, and RESTful APIs.
- Integrated 3 payment gateways – Razorpay, Stripe, and PayPal – with secure transaction handling and automated order confirmations.
- Containerized with Docker & Docker Compose enabling consistent, scalable multi-service deployment.

TestFlow – Online Examination Platform *Java, Spring Boot, React, MySQL, Docker, TypeScript*

- Developed SaaS-based assessment platform supporting multi-role access (admin and candidate) with a real-time test engine.
- Integrated Monaco code editor with timer synchronization and multi-language code evaluation for programming assessments.
- Secured with Spring Security and JWT-based authentication; deployed via Docker Compose for production-ready delivery.

TRAINING

Java Full Stack Developer (Trainee) | Kodnest Technologies, Bengaluru Jun 2025 – Present

- Completed intensive full-stack training in Java, Spring Boot, React, and MySQL with hands-on project development.
- Built RESTful APIs, implemented CRUD database operations, and developed end-to-end full-stack applications.
- Gained practical exposure to SDLC, agile practices, debugging, and code optimization.

EDUCATION

SJB Institute of Technology, Bengaluru Dec 2021 – Jun 2025

Bachelor of Engineering in Computer Science *CGPA: 7.37*

Delhi Public School Jubilee, Motihari 2021

Senior Secondary (CBSE) *68%*

Chandrasheel Vidyapeeth, Kanti 2017

Secondary (CBSE) *76%*

CERTIFICATIONS

- Software Engineer – HackerRank
- SQL (Basic) – HackerRank
- Cloud Computing – NPTEL
- Web Development & React with Python – VTU Internship

ACHIEVEMENTS & ACTIVITIES

Organized tech workshops for 100+ students; coordinated college-level technical events; supported fundraising initiatives for student education.
